# TRECC is a Partnership Intermediary

- **Under 15 U. S. Code, 3715:**
  - A Federally funded Partnership Intermediary (i.e. TRECC) serves as an agent in performing services for the DOD that increase the likelihood of success in the conduct of cooperative or joint activities with the U.S. Government for small business
- **Some Characteristics of an Intermediary:**
  - Ability to leverage local, state and educational resources
  - Affiliated with state and local government agencies
  - Assists companies in accessing and utilizing Federal technology
  - Enhance small business ability to participate in Government projects through technology transfer
  - Acts as a technology broker to create new business
