

Broad Agency Announcement 08-017  
"Development of Marine Composite Propeller Technology"

Amendment Number 0001

The purpose of Amendment Number 0001 is to revise

1. Section I, entitled "General Information", paragraph 5, entitled "Response Date", is hereby revised as follows:

"5. Response Date

Full proposals are due by no later than 2:00 pm (Eastern Daylight Time) on  
**31 JUL 2008**"

2. Section III, entitled "Eligibility Information", is revised to read as follows:

"III. ELIGIBILITY INFORMATION

Only U.S.-owned firms with Defense Security Services (DSS) "Secret" level facility and personnel clearance in the U.S. will be considered for prime contracts under this solicitation. For Phases II and III, the manufacturing facility must have at least a DSS "Secret" level clearance.

**Foreign-owned entities with Special Security Agreements (SSAs) granted by DSS are not eligible as prime contractors.**

If proposing the use of any subcontractors, the prime contractor must clearly delineate if the subcontractor will be working with classified or unclassified information, whether or not the entity is U.S.-owned, if the firm has a DSS "Secret" level facility clearance in the U.S. and if the firm has a DSS "Secret" personnel clearances in the U.S.

If a proposed subcontractor working with classified information does not have a DSS "Secret" level facility, the subcontractor must be U.S.-owned as well as have at least DSS "Secret" level personnel clearance in the U.S. in addition to a formal arrangement with the prime contractor for all work to be completed and stored in the prime contractor's DSS "Secret" level facility. Any situation described above must be solidified in a written agreement and that agreement should be available for Government review.

It is the prime contractor's responsibility to ensure proper protection and disbursement of classified information.

Only U.S. persons are permitted to work on this effort due to export control restrictions. The term "U.S. persons" is defined in the International Traffic in Arms Regulations (ITAR) - 22 CFR § 1201.1 et seq.

Teaming is encouraged; however, offerors must be willing to cooperate and exchange software, data and other information in an integrated program with all team members as well as with the Government.

Teaming with academia is permitted. Historically Black Colleges and Universities (HBCUs) and Minority Institutions (MIs) may join others; however, no portion of this BAA will be set aside for HBCU and MI participation.

Federally Funded Research & Development Centers (FFRDCs) including Department of Energy National Laboratories are not eligible to receive awards under this BAA as a prime contractor or subcontractor.

Navy laboratories and warfare centers as well as other Department of Defense and civilian agency laboratories are eligible to receive sub-awards by teaming with other responsible sources that submit prime contractor proposals under this BAA. See section IV for how to propose the costs associated with this type of subcontractor.

Teaming with the Naval Surface Warfare Center, Carderock Division is prohibited.”

3. Section IV, entitled “Application and Submission Information”, paragraph 1, entitled “Application and Submission Process”, sub-paragraph A, entitled “Full Proposal” is revised to read as follows:

“A. Full Proposal: This BAA constitutes all the information to be provided regarding this solicitation. The due date for receipt of full proposals can be found in Section I, 5. As soon as the final proposal evaluation process is completed, the successful offeror(s) will be notified via email or letter of its selection for award. The anticipated notification date is **August 2008**. It is anticipated the IDIQ contract and Delivery Order 0001 will be issued around November 2008.  
Full proposals submitted under the BAA shall consist of three volumes:

- Volume 1: Classified Technical Proposal.
- Volume 2: Unclassified Technical Proposal.
- Volume 3: Unclassified Cost Proposal.

Volumes 1 and 2 shall be exactly the same with the exception of the Classified information, which shall only be included in Volume 1.

Any contract resulting from this BAA shall be unclassified.

NOTE: Due to changes in security procedures since September 11, 2001, the time required for hard-copy written materials to be received at the Office of Naval Research has increased. Thus, it is recommended that any hard-copy proposal be mailed several additional days before the deadline established in the solicitation so that it will not be received late and thus be ineligible for award consideration.

- A.1. Submission of Volume 1: Classified Technical Proposal

Classified proposals shall be submitted directly to the attention of ONR's Document Control Unit at the following address and marked in the following manner:

OUTSIDE ENVELOPE (no classification marking):

“Office of Naval Research  
Attn: Document Control Unit  
ONR Code 43  
875 North Randolph Street

Office of Naval Research  
Attn: Dr. Ki-Han Kim  
ONR Code 331  
875 North Randolph Street  
Arlington, VA 22203-1995”

**Hand deliveries will NOT be accepted.**

- A.2. Submission of Volume 2: Unclassified Technical Proposal and Volume 3: Unclassified Cost Proposal

Volumes 2 and 3 shall be submitted directly to the Technical POC listed in Section I, 7 via mail. No emailed or faxed proposal will be accepted.

**Hand deliveries will NOT be accepted.”**
