45. Can the Acronym list be included in the Table of Contents section and not be considered part of the page count?

A: An acronym list may be included as an appendix to the technical proposal and does not count against proposal page count limits.

46. We are planning on submitting our standard financial reports in the cost proposal. Does the font size in these reports have to be converted to 12 font. It will make review of the cost reports difficult.

A: Standard Company Financial Reports that are being included in the Cost Proposal do not have to be converted into 12 point font. However, these reports must be legible.
