

Questions and Answers
Received in Response to BAA 09-014 entitled, "Electronics Warfare"

In response to questions received under Broad Agency Announcement (BAA) 09-014, entitled, "Electronic Warfare Technology" the following is provided:

Q1. I have a quick question regarding the subject BAA. It would help us focus our efforts and get an idea of interest if we knew if any contracts were awarded for last year's similar BAA, 08-004. A quick search on Fed Biz Ops showed blank.

A1. Last year's BAA (08-004) resulted in no contracts and one grant (N00014-09-1-0014 to USC). The government lab solicitation that was released in parallel with that BAA and used the same funding source resulted in three awards to Naval Research Laboratory.

Q2. I was just made aware of your ELECTRONIC WARFARE (EW) DISCOVERY AND INVENTION (D&I) BAA regarding EW. Could you provide us a technical point of contact for this BAA

A2. Please refer to Section I entitled, "General Information" paragraph number 7 entitled, "Point(s) of Contact.

Q3. I was interested in this grant... send me more information on this, thanks.

A3 Please refer to Section I entitled "General Information" paragraph number 6 entitled, "Research Opportunity Description".

Q4. I wanted to let you know that I will be submitting a white paper on ... I should have this to you shortly. I assume this is open for submission due to the short response time?

A4: BAA 09-014 entitled, "Electronics Warfare" was posted on FEDBIZOPPS on 08 January 2009. White papers are due no later than 4PM Eastern Daylight Time on 03 February 2009
