Persistent Surveillance Automation

Question #1: I want to confirm that electronic submission for white papers is the correct method. The BAA states electronic submission twice, but it also states hard copy only submission once on the top of page 6 of the BAA and asks for 1 original, 5 copies and one electronic copy.

Answer #1: Electronic submission of white papers is the only acceptable method. As stated in the BAA, white papers should be submitted as an email attachment to the Program Manager, Dr. Michael Pollock, identified above. They should not be submitted by fax or by hard copy.
