

Amendment 0003
BAA 09-035 titled “Maritime Laser Demonstration - Technology Incubation and Maturation Program”

The purpose of Amendment 0003 to BAA 09-035 is to make two clarifications relating to errors in Amendment 0001.

- I. The BAA does not involve “Basic Research in Rotorcraft Technology.” This was an error in the header of Amendment 0001. Rotorcraft Technology was a different ONR BAA and is in no way related to BAA 09-035. The title is “Maritime Laser Demonstration - Technology Incubation and Maturation Program.”
- II. The deadline for full proposals is July 31st, 2010, as published in the original BAA. The answer to Question 1 of Amendment 0001 incorrectly references a July 10th, 2010 deadline.
