

Amendment Number 0003

Broad Agency Announcement 10-002

"Multidisciplinary University Research Initiative (MURI)"

The purpose of Amendment Number 0002 is to provide an answer to a question received under BAA 10-002 entitled "Multidisciplinary University Research Initiative (MURI)" as follows:

Q#1: I have a question regarding the eligibility information for the current MURI solicitation. Specifically, the solicitation states:

"Ineligible organizations (e.g., industry, DoD laboratories, Federally Funded Research and Development Centers (FFRDCs), and foreign universities) may collaborate on the research but may not receive MURI funds, directly or via subaward."

Does this preclude the use of MURI funds to pay individual consultants who are foreign nationals or who may be also employed at a foreign university?

A#2: A foreign university may not receive MURI funds. An individual consultant who is a foreign national or who may be also employed at a foreign university may receive MURI funds.
