

**Questions and Answers**  
**BAA# N00014-19-S-B002, Amendment A00003**  
**Advanced Technology Development Future Naval Capability (FNC) Program**  
**Technology Demonstrator Design, Fabrication, Test & Demonstration**

**Question #1: Can you verify the instruction on how to submit this proposal electronically? The Q&A attached has advised to use the AMRDEC SAFE website to upload the full proposal; however, this website is down and has been down for a while now. Can you advise us what would be the alternative way to submit electronically?**

Please note that AMRDEC SAFE, which we identified as the suggested file transfer service for electronic copies, is currently unavailable. Another secure method of file transfer to the government is not available so we are accepting CD/DVDs of your complete proposal package.

The CD/DVDs must be Overnight mailed and postmarked no later than 1500 EST on Monday 19 November 2018.

Please send to the address provided in the BAA and as shown below.

Office of Naval Research  
Attn: Mr. Jeff Bradel  
ONR Code 30  
875 North Randolph Street, Suite 1162  
Arlington, VA 22203

CD/DVDs can also be hand delivered to ONR prior to 1500 EST on 19 November 2018 to the address above. Please send Jeff Bradel an email in advance if this is your preferred method of delivery.

**\*CLARIFICATION\***

**The Notification of Selection of Award date has been changed from 30 November 2018 to No Later Than 31 December 2018.**
