The period of performance will be approximately between 09/01/2013 – 08/31/2018.

The prospective contractor shall provide online research protections training.

The North American Industry Classification System (NAICS) code for this requirement is 611430 with the size standard of \$7 million. This notice of intent is not a request for proposals or quotes; however, all responsible sources may submit a quotation and technical capabilities, which, if received within fifteen calendar days of publication of this notice, shall be considered by ONR. All responses must be submitted to the Government point of contact at the email address shown below.
