

Sole Source Notice 13-SS-0017

Description: NOTICE OF INTENT TO AWARD A SOLE SOURCE

The Office of Naval Research (ONR) intends to issue a Cost Plus Fixed Fee modification to a single source under the authority of FAR 6.302-1(a)(2)(iii), Only One Responsible Source and No Other Supplies or Services will Satisfy Agency Requirements, on or about 30 April 2013 to MCR Federal, LLC (MCR) under its current contract, N00014-04-D-0502-0002. The period of performance will be for an additional four (4) month period and will be for the Task Order Focus Area #2 portion of the Statement of Work only for Human Research Projection Program (HRPP) Automated Information Tracking System.

The contractor shall continue to provide IT system operation and management, and human subjects research protections support services to the Office of Naval Research's Research Protections Division (Code 343) for the Department of the Navy's research protections IT management system (formerly PROMIS).

ONR intends to award a four-month extension, through 31 August 2013, as a sole source to MCR. During the intervening four-month period a follow-on contract will be awarded. This extension is being awarded sole source because the services are a follow-on effort from a current contract award and it is likely that award to any other source would result in substantial duplication of cost to the Government that is not expected to be recovered through competition, and awarding to another source would cause unacceptable delays in fulfilling the agency's requirements.

The North American Industry Classification System (NAICS) code for this requirement is 541330 with the size standard of \$27 million. This notice of intent is not a request for proposals or quotes; however, all responsible sources may submit a quotation and technical capabilities, which, if received within fifteen calendar days of publication of this notice, shall be considered by ONR. All responses must be submitted to the Government point of contact at the email address shown below. A determination by the Government not to open the requirement to competition based upon the responses to this notice is solely within the discretion of the Government.
