

Special Notice 13-SS-0035

Description: NOTICE OF INTENT TO AWARD TO A SDVOSB

The Office of Naval Research (ONR) intends to issue a Cost Plus Fixed Fee contract award to a single source under the authority of FAR 6.302-5, Authorized or Required by Statute, on or about 30 SEPTEMBER 2013 to Engineering Services Network, Inc. (ESN) under proposed Contract Number N00014-13-C-0381. The base period of performance will be for a period of twelve months.

Requirement is to ensure that the Department of Navy's efforts to provide innovative small business technology to the fleet and forces is performed in the most effective and efficient manner possible. These efforts require the assistance of a skilled group of experts familiar with the SBIR/STTR programs at the Navy, DoD and National levels. Furthermore, due to significant changes in program requirements and structure, this effort requires a team with significant experience in the program during or after 2012. Specific efforts include assistance with topic development and review, identification of innovative projects/technologies for technology transition, management and oversight of DoN and ONR program execution, DoN policy development, and program outreach. ESN has prior recent experience in providing similar services to OSD OSBP as the support provider for SBIR/STTR policy and conference support services.

The North American Industry Classification System (NAICS) code for this requirement is 541712 with the size standard of 500 employees. This notice of intent is not a request for proposals or quotes; however, all responsible sources may submit a quotation and technical capabilities, which, if received within fifteen calendar days of publication of this notice, shall be considered by ONR. All responses must be submitted to the Government point of contact at the email address shown below. A determination by the Government not to open the requirement to competition based upon the responses to this notice is solely within the discretion of the Government.
