

ONR Special Notice 14-SN-0002

Amendment 0002

Effective on the date of this amendment:

1. Section III, entitled “FULL PROPOSAL SUBMISSION AND AWARD INFORMATION” is revised as follows:

III. FULL PROPOSAL SUBMISSION AND AWARD INFORMATION

Full proposals should be submitted under ONRBAA14-001 by December 18, 2013. Full instructions are outlined at the following link <http://www.onr.navy.mil/~media/Files/Funding-Announcements/BAA/2014/14-001.ashx>. Full Proposals received after that date will be considered as time and availability of funding permit.

ONR anticipates that both grants and contracts will be issued for this effort. Full proposals for contracts should be submitted in accordance with the instructions at Section IV, Application and Submission Information, item 2.b, Full Proposals and item 6, Submission of Full Proposals for Contracts, Cooperative Agreements, and Other Transactions. Full proposals for grants should be submitted in accordance with the instructions at Section IV, Application and Submission Information, item 5, Submission of Grant Proposals through Grants.gov. All full proposals for grants must be submitted through www.grants.gov. The following information must be completed as follows in the SF 424 to ensure that the application is directed to the correct individual for review: Block 4a, Federal Identifier: Enter N00014; Block 4b, Agency Routing Number, Enter the three (3) digit Program Office Code (342) and the Program Officer’s name, last name first, in brackets [Steele, Chris]. All attachments to the application should also include this identifier to ensure the proposal and its attachments are received by the appropriate Program Office.

The period of performance for projects is for up to 48 months. ONR anticipates funding multiple awards for this effort totaling approximately \$6M over this period. It is envisioned that a CASEVAC prototype would be completed for transition to advanced product development by Q4 of FY16, and the ground prototype in Q4 of FY17.

For contract proposals (i.e., non-grants) that include animal and/or human studies it is suggested, although not required, to structure as a base that is without animal/human studies. Animal and/or human studies can be added as options to the proposal if desired. Overall, if selected for funding, this will allow for expedited processing of funds. To be clear, offerors are not required to do so, and this WILL NOT be used as selection criteria for proposals.

Although ONR expects the above described program plan to be executed, ONR reserves the right to make changes.

Funding decisions should be made by **January 15, 2014**. Selected projects will have an estimated award date of April 1, 2014.

2. Section IV, entitled “SIGNIFICANT DATES” is revised as follows:

IV. SIGNIFICANT DATES

Event Date

Recommended Full Proposal Submission December 18, 2013

Notification of Selection: Full Proposals* **January 15, 2014**

Awards * April 1, 2014

Note: *These are approximate dates.
