ONR 0175 Orders

(a) General

(1) Orders for research, services, or supplies may be issued by the Contracting Officer (CO) for work as specified in Sections B and C of the Schedule at any time during the effective period of this contract. Except as otherwise provided in any order, the Contractor shall furnish all materials and services necessary for accomplishing the work specified in each order issued hereunder. All the provisions in this contract shall be applicable to all orders issued hereunder. To the extent of any inconsistency between any order and this contract, the contract shall control. It is understood and agreed upon that the Government has no obligation to issue any orders beyond paying the contract minimum on demand at the end of the contract period. The Contractor agrees to accept and perform orders issued by the CO within the scope of this contract during the term set forth elsewhere in the schedule.

(2) Delivery Orders may be placed at any time during the ordering period specified. Completion tasks may continue until the ordered effort is completed. Delivery Orders may be issued on a Cost-Plus Fixed-Fee (CPFF), Cost plus Incentive Fee (CPIF), Cost plus Award Fee (CPAF), or Firm Fixed Price basis as determined by project type and as indicated in each order.

(b) Ordering

(1) Orders and revisions thereto shall be made in writing by the CO.

(2) Each bilateral order shall be binding when executed by both parties.

(3) Each unilateral order shall be binding upon receipt by the Contractor. The Contractor shall acknowledge receipt of the order within five (5) days after receipt thereof. These orders may be issued through facsimile as well as through electronic and regular mail.

(c) Bilateral Orders

With exception to paragraph (d) (below), the Contractor shall not begin any work until a bilateral
order is issued by the CO.

(d) Unilateral Orders

1. Priced: The CO may issue unilateral orders, either fully or incrementally funded, based upon acceptance of the Contractor’s proposals. Upon receipt of a unilateral order, the Contractor shall promptly commence the work specified therein. Unilateral orders are subject to either the “Limitation of Cost” (when fully funded) or “Limitation of Funds” (when incrementally funded) clause as incorporated into this contract. The Contractor shall acknowledge receipt of the order within five (5) days of receipt.

2. Unpriced: When determined to be in the best interest of the Government, the CO may unilaterally issue an undefinitized order directing the Contractor to proceed with performance of the work specified therein. The order shall include the clause entitled “Definitization Requirements - Undefinitized Orders” (see paragraph (g) below), plus a delivery schedule for the work being ordered.

(e) Cost or Pricing Data

Whenever cost or pricing data are required in accordance with FAR 15.403, the Contractor shall submit required data in accordance with FAR 15.408, Table 15-2. If a Certificate of Current Cost or Pricing Data is required, it shall be provided in accordance with FAR 15.406-2.

(f) Definition

The term Contracting Officer as used in this provision includes the Administrative Contracting Officer (ACO).

(g) Definitization Requirements - Undefinitized Orders

1. When an undefinitized contract action is issued, the Contractor agrees to begin promptly negotiating with the Contracting Officer the terms of a definitive order. The Contractor agrees to submit a proposal and any necessary cost or pricing data to support its proposal.

2. In accordance with the requirements of DFARS 217.7404-3, the schedule for definitizing any undefinitized order shall be specified in the order and shall include:

   a. Submission Due Date of Contractor’s Proposal
   b. Projected Date for Commencement of Negotiations
   c. Target Date for Definitization

3. If agreement on a definitive order to supersede this undefinitized order is not reached by the target date specified in the definitization schedule, or within any extension thereof granted by the Contracting Officer, the Contracting Officer may, with the approval of the Head of the Contracting Activity, determine a reasonable price or fee in accordance with FAR Part 15, subject to Contractor appeal as provided in the Disputes clause. In any event, the Contractor shall proceed with completion of the order, subject only to the limitation of Government liability set forth in paragraph (6) below.

4. The Contractor further agrees that the Government shall not be liable under such definitization for an increase in the estimated cost and fee which combined would cause the definitized price of the order to exceed the ceiling amount specified in the undefinitized order (See DFARS 217.7404-2). The not to exceed price specified is a maximum and shall not be construed as an indication, other than a limit on the amount, if any, of such definitization. Subject to the foregoing, failure to agree to pay any definitization shall be a dispute concerning a question of fact within the meaning of the clause of this contract entitled “Disputes.”

5. Pending definitization of an order, the estimated cost of efforts performed under this undefinitized order for purposes of the clause of the contract entitled “Limitation of Cost” or “Limitation of Funds”, as appropriate, is the limitation of Government liability set forth in paragraph (6) below. The Contractor shall be reimbursed for the costs of efforts performed under this undefinitized order in accordance with the clause of this contract entitled “Allowable Cost and Payment”, but in no event for an amount greater than the estimated cost of such efforts. The Contractor shall bill no fee against the estimated cost until this order is definitized.
(6) In performing this undefinitized order, the Contractor is not authorized to make expenditures or incur obligations exceeding the amount obligated to the undefinitized order (see DFARS 217.7404-4 for funding limitations). This is the maximum amount, including fee, for which the Government shall be liable if this order is terminated.

(h) Termination of Orders

(1) The Government may terminate performance of work under any order in whole or, from time to time, in part if ---

   a. The Contracting Officer determines that a termination is in the Government's interest; or
   b. The Contractor defaults in performing any order and fails to cure the default within 10 days (unless extended by the Contracting Officer) after receiving a notice specifying the default. “Default” includes failure to make progress in the work so as to endanger performance.

(2) The Contracting Officer shall terminate the order by delivering to the Contractor a Notice of Termination specifying whether the termination is for default of the Contractor or for Convenience of the Government, the extent of termination, and the effective date. If, after termination for default, it is determined that the Contractor was not in default or that the Contractor’s failure to perform or to make progress in performance is due to causes beyond the control and without fault or negligence of the Contractor as set forth in the Excusable Delays clause, the rights and obligations of the parties will be the same as if termination was for the convenience of the Government.

(3) After receipt of a Notice of Termination, and except as directed by the Contracting Officer, the Contractor shall immediately proceed with the obligations specified in the “Termination (Cost Reimbursement)” clause.

**ONR 0176 Determination of Award Fee** (As applicable to individual orders)

Award fee shall be determined in accordance with the provisions set forth in this clause and Section J, Attachment 3, Award Fee Plan. The base fee shall be 0% with a maximum award fee of 8%.

The determination by the Government of any award fee amounts earned by the Contractor is a unilateral decision made by the Government. Each unilateral action under this Contract authorizing the Contractor to bill for earned award fee shall represent a final decision of the amount of the award fee earned by the Contractor and shall not be subject to dispute by the Contractor under the clause entitled "Disputes" or any other clause of the Contract and shall not be appealable to any Board of Contract Appeals, Claims Court, or any other court. Payment of award fee is also not subject to the "Allowable Cost and Payment" clause of the Contract.

(a) The Contractor agrees to assign to the contract tasks those persons whose resumes were submitted with its proposal and who are necessary to fulfill the requirements of the contract as "key personnel". No substitutions may be made except in accordance with this clause.

(b) The Contractor understands that during the first ninety (90) days of the contract performance period, no personnel substitutions will be permitted unless these substitutions are unavoidable because of the incumbent's sudden illness, death or termination of employment. In any of these events, the Contractor shall promptly notify the Contracting Officer and provide the information described in paragraph (c) below. After the initial ninety (90) day period the Contractor must submit to the Contracting Officer all proposed substitutions, in writing, at least [Insert Number of Days] days in advance [Insert Number of days] days if security clearance must be obtained, of any proposed substitution and provide the information required by paragraph (c) below.

When, in the opinion of the Contractor, any technical direction calls for effort outside the scope of the contract or inconsistent with this special provision, the Contractor shall notify the Contracting Officer in writing within ten working days after its receipt. The Contractor shall not proceed with the work affected by the technical direction until the Contractor is notified by the Contracting Officer that the technical direction is within the scope of the contract.

FAR 52.219-10 Incentive Subcontracting Program. (OCT 2001)

(a) Of the total dollars it plans to spend under subcontracts, the Contractor has committed itself in its subcontracting plan to try to award certain percentages to small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, and women-owned small business concerns, respectively.

(b) If the Contractor exceeds its subcontracting goals for small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, and women-owned small business concerns in performing this contract, it will receive 0 percent of the dollars in excess of each goal in the plan, unless the Contracting Officer determines that the excess was not due to the Contractor's efforts (e.g., a subcontractor cost overrun caused the actual subcontract amount to exceed that estimated in the subcontracting plan, or the award of subcontracts that had been planned but had not been disclosed in the subcontracting plan during contract negotiations). Determinations made under this paragraph are unilateral decisions made solely at the discretion of the Government.
(c) If this is a cost-plus-fixed-fee contract, the sum of the fixed fee and the incentive fee earned under this contract may not exceed the limitations in 15.404-4 of the Federal Acquisition Regulation.

FAR Deviations 52.204-99 System for Award Management Registration (DEVIATION)

Except for awards where the Government-wide purchase card (GPC) is used as the method of payment, contracting officers shall include the attached clause 52.204-99, System for Award Management Registration, in lieu of FAR clause 52.204-7, Central Contractor Registration, and DF ARS 252.204-7004, Alternate A, Central Contractor Registration.

System for Award Management Registration (August 2012) (DEVIATION)

(a) Definitions. As used in this clause-

‘Central Contractor Registration (CCR) database’ means the retired primary Government repository for Contractor information required for the conduct of business with the Government.

‘Commercial and Government Entity (CAGE) code’ means-

(1) A code assigned by the Defense Logistics Agency (DLA) Logistics Information Service to identify a commercial or Government entity; or

(2) A code assigned by a member of the North Atlantic Treaty Organization that DLA records and maintains in the CAGE master file. This type of code is known as an ‘NCAGE code.’

‘Data Universal Numbering System (DUNS) number’ means the 9-digit number assigned by Dun and
Bradstreet, Inc. (D&B) to identify unique business entities.

‘Data Universal Numbering System+4 (DUNS+4) number’ means the DUNS number means the number assigned by D&B plus a 4-character suffix that may be assigned by a business concern. (D&B has no affiliation with this 4-character suffix.) This 4-character suffix may be assigned at the discretion of the business concern to establish additional SAM records for identifying alternative Electronic Funds Transfer (EFT) accounts (see the FAR at Subpart 32.11) for the same concern.

‘Registered in the SAM database’ means that-

1. The Contractor has entered all mandatory information, including the DUNS number or the DUNS+4 number, into the SAM database;
2. The Contractor's CAGE code is in the SAM database; and
3. The Government has validated all mandatory data fields, to include validation of the Taxpayer Identification Number (TIN) with the Internal Revenue Service (IRS), and has marked the record ‘Active’. The Contractor will be required to provide consent for TIN Attachment, Page 1 of 4 validation to the Government as a part of the SAM registration process.

‘System for Award Management (SAM)’ means the primary Government repository for prospective federal awardee information and the centralized Government system for certain contracting, grants, and other assistance related processes. It includes-

1. Data collected from prospective federal awardees required for the conduct of business with the Government;
2. Prospective contractor submitted annual representations and certifications in accordance with FAR Subpart 4.12; and
3. The list of all parties suspended, proposed for debarment, debarred, declared ineligible, or excluded or disqualified under the nonprocurement common rule by agencies, Government corporations, or by the Government Accountability Office.

(b)

1. The Contractor shall be registered in the SAM database prior to submitting an invoice and through final payment of any contract, basic agreement, basic ordering agreement, or blanket purchasing agreement resulting from this solicitation.
2. The SAM registration shall be for the same name and address identified on the contract, with its associated CAGE code and DUNS or DUNS+4.
3. If indicated by the Government during performance, registration in an alternate system may be required in lieu of SAM.

(c) If the Contractor does not have a DUNS number, it should contact Dun and Bradstreet directly to obtain one.

1. A contractor may obtain a DUNS number-
   (i) Via the internet at http://fedgov.dnb.com/webform or if the contractor does not have internet access, it may call Dun and Bradstreet at 1-866-705-5711 if located within the United States; or
   (ii) If located outside the United States, by contacting the local Dun and Bradstreet office. The contractor should indicate that it is a contractor for a U.S. Government contract when contacting the local
Dun and Bradstreet office.

(2) The Contractor should be prepared to provide the following information:

(i) Company legal business name.

(ii) Tradestyle, doing business, or other name by which your entity is commonly recognized.

(iii) Company physical street address, city, state and Zip Code.

(iv) Company mailing address, city, state and Zip Code (if separate from physical).

(v) Company telephone number.

(vi) Date the company was started.

(vii) Number of employees at your location.

(viii) Chief executive officer/key manager.

(ix) Line of business (industry).

(x) Company Headquarters name and address (reporting relationship within your entity).

(d) Reserved.

(e) Processing time for registration in SAM, which normally takes five business days, should be taken into consideration when registering. Contractors who are not already registered should consider applying for registration at least two weeks prior to invoicing.

(f) The Contractor is responsible for the accuracy and completeness of the data within the SAM database, and for any liability resulting from the Government's reliance on inaccurate or incomplete data. To remain registered in the SAM database after the initial registration, the Contractor is required to review and update on an annual basis from the date of initial registration or subsequent updates its information in the SAM database to ensure it is current, accurate and complete. Updating information in the SAM does not alter the terms and conditions of this contract and is not a substitute for a properly executed contractual document.

(g)

(1)

(i) If a Contractor has legally changed its business name, ‘doing business as’ name, or division name (whichever is shown on the contract), or has transferred the assets used in performing the contract, but has not completed the necessary requirements regarding novation and change-of-name agreements in Subpart 42.12, the Contractor shall provide the responsible Contracting Officer sufficient documentation to support the legally changed name with a minimum of one business day’s written notification of its intention to-

   (A) Change the name in the SAM database;

   (B) Comply with the requirements of subpart 42.12 of the FAR; and

   (C) Agree in writing to the timeline and procedures specified by the responsible Contracting Officer.

(ii) If the Contractor fails to comply with the requirements of paragraph (g) (1) (i) of this clause, or fails to perform the agreement at paragraph (g) (1) (i) (C) of this clause, and, in the absence of a properly
executed novation or change-of-name agreement, the SAM information that shows the Contractor to be other than the Contractor indicated in the contract will be considered to be incorrect information within the meaning of the ‘Suspension of Payment’ paragraph of the electronic funds transfer (EFT) clause of this contract.

(2) The Contractor shall not change the name or address for EFT payments or manual payments, as appropriate, in the SAM record to reflect an assignee for the purpose of assignment of claims (see FAR Subpart 32.8, Assignment of Claims). Assignees shall be separately registered in the SAM database. Information provided to the Contractor's SAM record that indicates payments, including those made by EFT, to an ultimate recipient other than that Contractor will be considered to be incorrect information within the meaning of the ‘Suspension of payment’ paragraph of the EFT clause of this contract.

(h) Contractors may obtain information on registration and annual confirmation requirements via the SAM accessed through https://www.acquisition.gov or by calling 866-606-8220, or 334-206-7828 for international calls.

(End of Clause) Except for awards where the Government-wide purchase card (GPC) is used as the method of payment, contracting officers shall include the attached clause 52.204-99, System for Award Management Registration, in lieu of FAR clause 52.204-7, Central Contractor Registration, and DF ARS 252.204-7004, Alternate A, Central Contractor Registration.

(FAR 52.215-1 Instructions to Offerors - Competitive Acquisition. (JAN 2004)

(a) Definitions. As used in this provision-

"Discussions" are negotiations that occur after establishment of the competitive range that may, at the Contracting Officer's discretion, result in the offeror being allowed to revise its proposal.

"In writing, writing, or written" means any worded or numbered expression that can be read, reproduced, and later communicated, and includes electronically transmitted and stored information.

"Proposal modification" is a change made to a proposal before the solicitation's closing date and time, or made in response to an amendment, or made to correct a mistake at any time before award.
"Proposal revision" is a change to a proposal made after the solicitation closing date, at the request of or as allowed by a Contracting Officer as the result of negotiations.

"Time," if stated as a number of days, is calculated using calendar days, unless otherwise specified, and will include Saturdays, Sundays, and legal holidays. However, if the last day falls on a Saturday, Sunday, or legal holiday, then the period shall include the next working day.

(b) Amendments to solicitations. If this solicitation is amended, all terms and conditions that are not amended remain unchanged. Offerors shall acknowledge receipt of any amendment to this solicitation by the date and time specified in the amendment(s).

(c) Submission, modification, revision, and withdrawal of proposals. (1) Unless other methods (e.g., electronic commerce or facsimile) are permitted in the solicitation, proposals and modifications to proposals shall be submitted in paper media in sealed envelopes or packages (i) addressed to the office specified in the solicitation, and (ii) showing the time and date specified for receipt, the solicitation number, and the name and address of the offeror. Offerors using commercial carriers should ensure that the proposal is marked on the outermost wrapper with the information in paragraphs (c) (1) (i) and (c) (1) (ii) of this provision.

(2) The first page of the proposal must show-

(i) The solicitation number;

(ii) The name, address, and telephone and facsimile numbers of the offeror (and electronic address if available);

(iii) A statement specifying the extent of agreement with all terms, conditions, and provisions included in the solicitation and agreement to furnish any or all items upon which prices are offered at the price set opposite each item;

(iv) Names, titles, and telephone and facsimile numbers (and electronic addresses if available) of persons authorized to negotiate on the offeror's behalf with the Government in connection with this solicitation; and

(v) Name, title, and signature of person authorized to sign the proposal. Proposals signed by an agent shall be accompanied by evidence of that agent's authority, unless that evidence has been previously furnished to the issuing office.

(3) Submission, modification, revision, and withdrawal of proposals. (i) Offerors are responsible for submitting proposals, and any modifications or revisions, so as to reach the Government office designated in the solicitation by the time specified in the solicitation. If no time is specified in the solicitation, the time for receipt is 4:30 p.m., local time, for the designated Government office on the date that proposal or revision is due.

(ii)(A) Any proposal, modification, or revision received at the Government office designated in the solicitation after the exact time specified for receipt of offers is "late" and will not be considered unless it is received before award is made, the Contracting Officer determines that accepting the late offer would not unduly delay the acquisition; and -

(1) If it was transmitted through an electronic commerce method authorized by the solicitation, it was received at the initial point of entry to the Government infrastructure not later
than 5:00 p.m. one working day prior to the date specified for receipt of proposals; or

(2) There is acceptable evidence to establish that it was received at the Government installation designated for receipt of offers and was under the Government’s control prior to the time set for receipt of offers; or

(3) It is the only proposal received.

(B) However, a late modification of an otherwise successful proposal that makes its terms more favorable to the Government, will be considered at any time it is received and may be accepted.

(iii) Acceptable evidence to establish the time of receipt at the Government installation includes the time/date stamp of that installation on the proposal wrapper, other documentary evidence of receipt maintained by the installation, or oral testimony or statements of Government personnel.

(iv) If an emergency or unanticipated event interrupts normal Government processes so that proposals cannot be received at the office designated for receipt of proposals by the exact time specified in the solicitation, and urgent Government requirements preclude amendment of the solicitation, the time specified for receipt of proposals will be deemed to be extended to the same time of day specified in the solicitation on the first work day on which normal Government processes resume.

(v) Proposals may be withdrawn by written notice received at any time before award. Oral proposals in response to oral solicitations may be withdrawn orally. If the solicitation authorizes facsimile proposals, proposals may be withdrawn via facsimile received at any time before award, subject to the conditions specified in the provision at 52.215-5, Facsimile Proposals. Proposals may be withdrawn in person by an offeror or an authorized representative, if the identity of the person requesting withdrawal is established and the person signs a receipt for the proposal before award.

(4) Unless otherwise specified in the solicitation, the offeror may propose to provide any item or combination of items.

(5) Offerors shall submit proposals in response to this solicitation in English, unless otherwise permitted by the solicitation, and in U.S. dollars, unless the provision at FAR 52.225-17, Evaluation of Foreign Currency Offers, is included in the solicitation.

(6) Offerors may submit modifications to their proposals at any time before the solicitation closing date and time, and may submit modifications in response to an amendment, or to correct a mistake at any time before award.

(7) Offerors may submit revised proposals only if requested or allowed by the Contracting Officer.

(8) Proposals may be withdrawn at any time before award. Withdrawals are effective upon receipt of notice by the Contracting Officer.

(d) Offer expiration date. Proposals in response to this solicitation will be valid for the number of days specified on the solicitation cover sheet (unless a different period is proposed by the offeror).
(e) Restriction on disclosure and use of data. Offerors that include in their proposals data that they do not want disclosed to the public for any purpose, or used by the Government except for evaluation purposes, shall -

(1) Mark the title page with the following legend:

This proposal includes data that shall not be disclosed outside the Government and shall not be duplicated, used, or disclosed - in whole or in part - for any purpose other than to evaluate this proposal. If, however, a contract is awarded to this offeror as a result of - or in connection with - the submission of this data, the Government shall have the right to duplicate, use, or disclose the data to the extent provided in the resulting contract. This restriction does not limit the Government's right to use information contained in this data if it is obtained from another source without restriction. The data subject to this restriction are contained in sheets (insert numbers or other identification of sheets); and

(2) Mark each sheet of data it wishes to restrict with the following legend:

Use or disclosure of data contained on this sheet is subject to the restriction on the title page of this proposal.

(f) Contract award. (1) The Government intends to award a contract or contracts resulting from this solicitation to the responsible offeror(s) whose proposal(s) represents the best value after evaluation in accordance with the factors and subfactors in the solicitation.

(2) The Government may reject any or all proposals if such action is in the Government's interest.

(3) The Government may waive informalities and minor irregularities in proposals received.

(4) The Government intends to evaluate proposals and award a contract without discussions with offerors (except clarifications as described in FAR 15.306(a)). Therefore, the offeror's initial proposal should contain the offeror's best terms from a cost or price and technical standpoint. The Government reserves the right to conduct discussions if the Contracting Officer later determines them to be necessary. If the Contracting Officer determines that the number of proposals that would otherwise be in the competitive range exceeds the number at which an efficient competition can be conducted, the Contracting Officer may limit the number of proposals in the competitive range to the greatest number that will permit an efficient competition among the most highly rated proposals.

(5) The Government reserves the right to make an award on any item for a quantity less than the quantity offered, at the unit cost or prices offered, unless the offeror specifies otherwise in the proposal.

(6) The Government reserves the right to make multiple awards if, after considering the additional administrative costs, it is in the Government's best interest to do so.

(7) Exchanges with offerors after receipt of a proposal do not constitute a rejection or counteroffer by the Government.

(8) The Government may determine that a proposal is unacceptable if the prices proposed are materially unbalanced between line items or subline items. Unbalanced pricing exists when, despite an acceptable total evaluated price, the price of one or more contract line items is significantly overstated or understated as indicated by the application of cost or price analysis techniques. A proposal may be rejected if the
Contracting Officer determines that the lack of balance poses an unacceptable risk to the Government.

(9) If a cost realism analysis is performed, cost realism may be considered by the source selection authority in evaluating performance or schedule risk.

(10) A written award or acceptance of proposal mailed or otherwise furnished to the successful offeror within the time specified in the proposal shall result in a binding contract without further action by either party.

(11) If a post-award debriefing is given to requesting offerors, the Government shall disclose the following information, if applicable:

(i) The agency's evaluation of the significant weak or deficient factors in the debriefed offeror's offer.

(ii) The overall evaluated cost or price and technical rating of the successful and the debriefed offeror and past performance information on the debriefed offeror.

(iii) The overall ranking of all offerors, when any ranking was developed by the agency during source selection.

(iv) A summary of the rationale for award.

(v) For acquisitions of commercial items, the make and model of the item to be delivered by the successful offeror.

(vi) Reasonable responses to relevant questions posed by the debriefed offeror as to whether source selection procedures set forth in the solicitation, applicable regulations, and other applicable authorities were followed by the agency.

FAR 52.215-20 Requirements for Certified Cost or Pricing Data or Data Other Than Cost or Pricing Data. (OCT 2010)

(a) Exceptions from certified cost or pricing data. (1) In lieu of submitting certified cost or pricing data, offerors may submit a written request for exception by submitting the information described in the following subparagraphs. The Contracting Officer may require additional supporting information, but only to the extent necessary to determine whether an exception should be granted, and whether the price is fair and reasonable.

(i) Identification of the law or regulation establishing the price offered. If the price is controlled under law by periodic rulings, reviews, or similar actions of a governmental body, attach a copy of the controlling document, unless it was
previously submitted to the contracting office.

(ii) Commercial item exception. For a commercial item exception, the offeror shall submit, at a minimum, information on prices at which the same item or similar items have previously been sold in the commercial market that is adequate for evaluating the reasonableness of the price for this acquisition. Such information may include -

(A) For catalog items, a copy of or identification of the catalog and its date, or the appropriate pages for the offered items, or a statement that the catalog is on file in the buying office to which the proposal is being submitted. Provide a copy or describe current discount policies and price lists (published or unpublished), e.g., wholesale, original equipment manufacturer, or reseller. Also explain the basis of each offered price and its relationship to the established catalog price, including how the proposed price relates to the price of recent sales in quantities similar to the proposed quantities;

(B) For market-priced items, the source and date or period of the market quotation or other basis for market price, the base amount, and applicable discounts. In addition, describe the nature of the market;

(C) For items included on an active Federal Supply Service Multiple Award Schedule contract, proof that an exception has been granted for the schedule item.

(2) The offeror grants the Contracting Officer or an authorized representative the right to examine, at any time before award, books, records, documents, or other directly pertinent records to verify any request for an exception under this provision, and the reasonableness of price. For items priced using catalog or market prices, or law or regulation, access does not extend to cost or profit information or other data relevant solely to the offeror's determination of the prices to be offered in the catalog or marketplace.

(b) Requirements for certified cost or pricing data. If the offeror is not granted an exception from the requirement to submit certified cost or pricing data, the following applies:

(1) The offeror shall prepare and submit certified cost or pricing data, data other than certified cost or pricing data, and supporting attachments in accordance with the instructions contained in Table 15-2 of FAR 15.408, which is incorporated by reference with the same force and effect as though it were inserted here in full text. The instructions in Table 15-2 are incorporated as a mandatory format to be used in this contract, unless the Contracting Officer and the Contractor agree to a different format and change this clause to use Alternate I.

(2) As soon as practicable after agreement on price, but before contract award (except for unpriced actions such as letter contracts), the offeror shall submit a Certificate of Current Cost or Pricing Data, as prescribed by FAR 15.406-2.

**FAR 52.237-10 Identification of Uncompensated Overtime. (OCT 1997)**

(a) Definitions. As used in this provision -

"Uncompensated overtime" means the hours worked without additional compensation in excess of an average of 40 hours per week by direct charge employees who are exempt from the Fair Labor Standards Act. Compensated personal absences such as holidays, vacations, and sick leave shall be included in the normal work week for purposes of computing uncompensated overtime hours.

"Uncompensated overtime rate" is the rate that results from multiplying the hourly rate for a 40-hour work week by 40, and then dividing by the proposed hours per week. For example, 45 hours proposed on a 40-hour work week basis at $20 per hour would be converted to an uncompensated overtime rate of $17.78 per hour ($20.00 x 40 divided by 45 = $17.78).

(b) For any proposed hours against which an uncompensated overtime rate is applied, the offeror shall identify in its proposal the hours in excess of an average of 40 hours per week, by labor category at the same level of detail as compensated hours, and the uncompensated overtime rate per hour, whether at the prime or subcontract level. This includes uncompensated overtime hours that are in indirect cost pools for personnel whose regular hours are normally charged direct.

(c) The offeror's accounting practices used to estimate uncompensated overtime must be consistent with its cost accounting practices used to accumulate and report uncompensated overtime hours.

(d) Proposals that include unrealistically low labor rates, or that do not otherwise demonstrate cost realism, will be considered in a risk assessment and will be evaluated for award in accordance with that assessment.

(e) The offeror shall include a copy of its policy addressing uncompensated overtime with its proposal.

(End of provision)

ONR 0181 Instructions for the Preparation of Cost Proposals

(A) Cost Factors:

Factor 7: Cost
Factor 8: Cost Realism
Factor 9: Commitment to Small Business

(B) Only cost proposals submitted by Offerors whose technical proposals are determined to be technically acceptable will be considered for evaluation.

(C) Cost Proposal Elements.

(1) Factor 7: Cost.

(Refer further to Section M.3.G when developing this section of the proposal.)

The Offeror shall provide detailed cost proposals for Delivery Order 0001 to include cost summary information for the base period and three one-year option periods. The Offeror shall complete the tables provided in Section J, Attachment L-004, and Cost Element Summary.

(2) Factor 8: Cost Realism.

(Refer further to Section M.3.G when developing this section of the proposal.)

All proposed costs will be evaluated via a cost realism analysis to determine the probable cost of performance for each Offeror. This analysis is the process by which the Government will independently review and evaluate specific elements of each Offeror’s proposed cost estimate to determine whether the estimated proposed cost elements are realistic for the work to be performed, reflect a clear understanding of contract requirements, and are consistent with the unique methods of performance and materials described in the Offeror’s Technical Proposal. The Government’s estimated probable cost may differ from the Offeror’s proposed cost. The probable cost will be determined by adjusting each Offeror’s proposed cost and fee, and cost sharing when appropriate, to reflect any additions or reductions in cost elements to realistic levels based on the results of the cost realism analysis. Unrealistic or unbalanced proposed costs may represent a high risk to the Government. The evaluated risk will be used in the Government’s best value decision.
