Special Notice 15-SN-0005  
Amendment 0001**

The purpose of amendment 0001 to 15-SN-0005 is to answer questions received in response to the Special Notice as follows:

**Q#1: What page limit would you like for the technical section of the proposal?**

**A#1: The technical section of the proposal shall be no longer than 30 pages. See amendment below.**

**Q#2: Is there any frequency of reports - written and in person that you desire?**

**A#2: Page 39 on the Long-Range BAA 15-001 states that: "The following are sample reports that are typically required under a research effort:**

- Technical and Financial Progress Reports**
- Final Report"**

**Q#3: Do you want samples as deliverables?**

**A#3: No. Page 39 of the Long-Range BAA 15-001 states that: "Grants do not include the delivery of software, prototypes, and other hardware deliverables."**

**The Special Notice is amended as follows:**

**Section V, final paragraph, add the following:**

- 1.) The technical section of the proposal shall be no longer than 30 pages.**
- 2.) Frequency of reports shall be quarterly.**
- 3.) There shall be two (2) in person meetings per year; one (1) for the annual program review and another for at ONR or a conference.**
