

Special Notice N00014-18-R-SN07
Office of Naval Research (ONR)
Catapult Challenge

Instructions for Video Submissions

Videos files shall be submitted using the Army Aviation and Missile Research Development Engineering Center (AMRDEC) Safe Access File Exchange (SAFE) application. The AMRDEC SAFE application can be accessed via <https://safe.amrdec.army.mil/safe>.

There are two options for using AMRDEC: one for Users with a Department of Defense Common Access Cards (CAC) and one for Non-CAC Users (Guests).

Those new to AMRDEC SAFE should visit the [Getting Started Guide](#) for information on user types, and instructions for accessing AMRDEC SAFE, creating packages and sending files.

Instructions to Upload Form(s)

Those familiar with AMRDEC SAFE can go directly to the upload forms using these links:

- CAC Users: <https://safe.amrdec.army.mil/safe/CAC/CACUser.aspx>
- Non-CAC Users: <https://safe.amrdec.army.mil/safe/Default.aspx>

Fill out the personal information, file information, and recipient information, and email settings. There are many security settings available for transmitting the package to the recipients.

File Information

Submitted video files must be natively compatible with the Windows Media Player. Please do not submit Flash Video (.flv) or DVD video files (.vob).

The video files shall use the following naming convention: ONR_CATAPULT_companyname
If you want to submit more than one video, give them a unique name such as
ONR_CATAPULT_companyname_submit_1; ONR_CATAPULT_companyname_submit_2.

Recipient Information

Add **Justin Zerbato** (justin.zerbato@navy.mil) to the Recipients List.

Accepted File Types	Video File Formatting Requirements
.wmv (Windows Media)	Minimum Resolution: 480P (720x480)
.mov (Apple Quick time)	Maximum Resolution: 1080P (1920 x 1080)
