2. Sections IV and V are hereby revised as follows (changes in **bold** text):

IV. FULL PROPOSAL SUBMISSION AND AWARD INFORMATION

Full proposals should be submitted under N00014-18-S-B001 by **28 March 2018**. Full Proposals received after that date will be considered as time and availability of funding permit.

ONR anticipates that contracts will be issued for this effort.

ONR plans to fund three to five individual awards for each technical topic area with a value of \$500,000 – \$1,000,000 for the base period, using research funds. However, lower and higher cost proposals will be considered.

The period of performance for projects may be from one year from contract award to a total contract period of five years if the options are executed.

Although ONR expects the above described program plan to be executed, ONR reserve the right to make changes.

Funding decisions should be made by **11 May 2018**. Selected projects will have an estimated award date of **13 August 2018**.
