This amendment revises dates for Full Proposal Submission, Notification of Full Proposal Evaluation, and Award in Sections V and VI as follows:

**V. FULL PROPOSAL SUBMISSION AND AWARD INFORMATION**

Full Proposals (Technical and Cost volumes) will be subsequently encouraged from those firms whose proposed technologies have been identified through the above referenced e-mail as being of particular value to the Navy based on the white paper evaluations. However, any such encouragement does not assure a subsequent award. Full Proposals may also be submitted by any firm whose white paper was not identified as being of particular value to the Navy or any firm that did not submit a white paper. The proposals timely received will be evaluated against the BAA criteria.

Full Proposals for contracts should be submitted in accordance with the Appendix 2 of the N00014-20-S-B001 no later than 15 June 2020. Full Proposals received after that date may be considered as time and availability of funding permit.

The period of performance for projects may be up to three years.

ONR anticipates award of a single contract for this effort.

Although ONR expects the above described program plan to be executed, ONR reserves the right to make changes or to cancel the effort entirely.

ONR expects to make funding decisions no later than **04 September 2020**. The estimated award date for the selected project is **03 September 2021**.
