

COMOPTEVFOR OUTREACH

Sea Shield

The CNO has a continuing need for expeditious and efficient conduct and reporting of operational test and evaluation (OT&E) by COMOPTEVFOR in support of training and equipping fleet forces. OT&E critical operational issues on system effectiveness and suitability have direct long-term Navy-wide implications on the

FORCEnet

Sea Strike

Fleet's readiness and warfighting capability.

Early and continuous involvement and the breadth and depth of analysis by

Sea Basing

COMOPTEVFOR has a direct bearing on WPN, SCN, O&M, and RDT&E FYDP planning and investment. To accomplish this effort COMOPTEVFOR proactively "reaches out" to all stakeholders involved in acquisition of combat warfighting capability.
