

## **Amendment 0001**

### **Broad Agency Announcement (BAA) 10-018**

#### **Dynamic Command and Control (C2) for Tactical Forces and Maritime Operations Center (MOC) FORCEnet Enabling Capability**

The purpose of this amendment is to correct various weblinks and other contents contained in BAA 10-018 entitled “Dynamic Command and Control (C2) for Tactical Forces and Maritime Operations Center (MOC) FORCEnet Enabling Capability”.

1. Paragraph 1.a., Website for ONR BAA Announcement 10-018, of Section IV, APPLICATION AND SUBMISSION INFORMATION, is deleted in its entirety. Paragraph 1.a. is revised to read as follows:

***a. Website for ONR BAA Announcement 10-018:***

Deleted in its entirety.

2. Paragraph 1.b., Industry Day Brief, of Section IV, APPLICATION AND SUBMISSION INFORMATION, is deleted in its entirety and replaced with the following:

***b. Industry Day Briefing:***

ONR will conduct an Industry Day Briefing for potential Offerors. The purpose of the briefing is to provide potential Offerors with a better understanding of the program.

Interested Offerors must register for Industry Day. Registration instructions may be found at <https://secure.onr.navy.mil/events/regdetail.asp?cid=650>. For security reasons, anyone who has not registered will not be allowed to attend. No substitutions in the attendee list are allowed after the registration deadline. For the location and time, refer to the registration website. All expenses for attendance must be borne by the potential Offeror. Those not able to attend this briefing should consult the ONR website to see unclassified briefing slides and answers to written questions submitted during the event. Please continuously view the ONR website for updated information.

All other information stated in BAA 10-018 remains unchanged.
